Such sale will not take place until the Company has given notice to the Customer in accordance with the Act. For the purpose of the Act it is recorded that:

 - The Company's obligation as custodian of goods accepted for storage ends on its notice to the customer of termination of that obligation;
 - The place for delivery and collection of goods shall be at the Company's Premises unless agreed otherwise.

This right does not affect the customer's entitlement to withhold a proportionate part of the price in respect of alleged defects but where that amount is in dispute between us the customer shall be required to provide security for the full amount pending resolution of the dispute.
